BetaMax

Immune modulator containing clinically trialled Wellmune® beta glucan

Pack Size: 150g oral powder.
Serving suggestion: Take 1 heaped teaspoon (5g), 1–2 times daily, or as directed by a healthcare practitioner. BetaMax can be taken in water, juice or sprinkled over food.
Storage Guide: Store below 25°C in a cool, dry place.

Often used in conjunction with:

- Imrex®
- Vitamin C range
- BicoZn®

BetaMax contains Wellmune®; a *Saccharomyces cerevisiae* extract standardised to contain beta 1,3/1,6 glucan. The biological activity of Wellmune® has been demonstrated in numerous clinical studies.[1]

wellmune

Contains Wellmune®; a unique ß-1,3/1,6 glucan structure with specific biological activity.
WELLMUNE® is a registered trademark of Kerry Group.

Product Highlights

- Clinically trialled and researched level of beta 1,3/1,6 glucan per serve, combined with shiitake mushroom
